SUMMARY

Highly skilled and passionate web developer with expertise in HTML, CSS, Bootstrap, JavaScript, React, Redux, Node.js, and MongoDB. Proficient in the basics of TypeScript and well-grounded in web development fundamentals. Backed by hands-on experience in building fully functional e-commerce websites and user management systems. With a strong foundation in web development fundamentals and a deep commitment to learning, I approach coding as more than just work; it's my source of fulfillment. I'm dedicated to turning creative ideas into reality, driven by a relentless pursuit of excellence and a boundless love for the craft.

Skills

FRONT-END DEVELOPMENT	BACK-END DEVELOPMENT	WEB DEVELOPMENT ESSENTIALS
<ul style="list-style-type: none">• Javascript• Typescript• React• Redux• Context Api• CSS (SASS, Styled component)• Bootstrap	<ul style="list-style-type: none">• Node js• MongoDB• Express.js	<ul style="list-style-type: none">• Responsive Designs• RESTful Api Development• Authentication and Authorization• Version Control (Git)• Security best practices

WORK EXPERIENCE

Freelance Web Developer and GitHub Contributor

Self-Employed | Nigeria | 2020 - Present

- Developed and designed a fully functional e-commerce website and a comprehensive user management system, demonstrating proficiency in front-end and back-end technologies.
- Continuously honed web development skills and expanded knowledge in cutting-edge technologies, such as React, Redux, Node.js, and MongoDB.
- Demonstrated a passion for coding by dedicating personal time to bringing creative web solutions to life, with a relentless pursuit of excellence in every project.
- Actively seeking opportunities to learn, grow, and make a positive impact in the field of web development.
